

# Recommended Media List

Xerox® VersaLink® C7020/7025/7030 and

Xerox® VersaLink® C7000 Color Multifunction Printer

This Recommended Media List contains Xerox® Paper and Specialty Media that has been extensively tested on the Xerox® VersaLink® C7020/7025/7030 and Xerox® VersaLink® C7000 Color Multifunction Printer for image quality and performance by Xerox® at the Xerox® Media Technology Center.

The paper and specialty media on this list are approved by Xerox and recommended for use in all configurations of the Xerox® VersaLink® C7020/7025/7030 and Xerox® VersaLink® C7000 Color Multifunction Printer

All Xerox® Paper and Specialty Media on this list are digitally optimized, designed and manufactured for optimal performance in Xerox digital printing equipment and carry the Domtar 100% Performance Guarantee. Domtar offers a 100% Performance Guarantee for any Xerox® Paper or Specialty Media that is featured on the Recommended Media List for a specific Xerox printer

or digital press. This is your assurance that if you are unhappy with the performance of recommended Xerox® Paper or Specialty Media, Domtar will either take back the unused product and replace it or refund your money – guaranteed.

Domtar Paper Company, LLC. and Domtar Inc., (collectively referred to as “Domtar”), are the exclusive U.S. and Canadian trademark licensees of Xerox® Paper and Specialty Media. Domtar’s and Xerox’s extensive collaborative testing and stringent specifications ensure that we are able to guarantee the performance and consistency of Xerox® Paper and Specialty Media.

## Recommended Media List

### General Information

Customers should validate that the Best Practices for Operation for the selected Xerox® Paper or Specialty Media are acceptable for their application. When purchasing a particular media product for the first time, customers are advised to purchase small quantities to ensure that expectations are met.

Media observations made in this publication are based on tests conducted using standard images with moderate to heavy image area coverage. Test machines are maintained within specifications defined by user documentation. Where applicable, suggested adjustments and best practices are included to optimize media performance. Note that “size” designation is for sheet dimensions only, and is not used to indicate grain direction.

The Stock Library Montage application can be updated with the most current Recommended Media List by downloading the “Recommended Media List.rml” file from Xerox.com. This file can be found on Xerox.com under the Support and Drivers tab, searching on VersaLink. Instructions on how to update the Stock Library Manager media list are included with the file.

To view the most current Recommended Media List, please visit [www.xeroxpaperusa.com/resources/recommended-media-list](http://www.xeroxpaperusa.com/resources/recommended-media-list).

### Warranty Disclaimer

Domtar and Xerox make no guarantees or warranties, either expressed or implied, concerning the performance, use or replacement of non-Xerox branded media or throughput products. Customers should inquire directly of their paper distributor or manufacturer for any guarantees they may offer. When purchasing a particular media product for the first time, customers are advised to purchase small quantities to insure their expectations are met. The quality of Xerox supplies is consistent from ream to ream and is backed by a 100% guarantee such that if you are unhappy with the performance of recommended Xerox® Paper or Specialty Media, Domtar will either take back the unused product and replace it or refund your money. The quality of non-Xerox branded paper may vary from ream to ream or carton to carton, so for optimum performance on Xerox color equipment, use only the best: Xerox supplies.

**Notes:** Machine reliability specifications may be affected by increased usage of Cardstock and Glossy Cardstock modes. In addition, variances in machine reliability may occur due to extended use of some media types. Your Xerox service representative can advise you on using Cardstock and Glossy Cardstock modes or special application media types for long duration copy/print runs. Environmental conditions may require that Glossy papers be fed one sheet at a time through Bypass. Relative humidity greater than 40% could cause multifeeds. Output may require removal at 25 sheets in the tray when not using a finisher.

**The Integrated Office 'A' Finisher is capable of stapling at maximum (max number will decrease if paper weight is greater than 24lb):**  
 50 sheets of Letter (8.5x11") in Long Edge Feed or Short Edge Feed or 30 sheets of Tabloid/Ledger (11x17") or Legal (11x14")

**The Office Finisher LX is capable of stapling at maximum (max number will decrease if paper weight is greater than 24lb):**  
 50 sheets of paper up to the size of 11x17", Short Edge Feed

Domtar is the exclusive trademark licensee of the Xerox® Paper and Specialty Media Line within the United States and Canada.

Working collaboratively with the Xerox Corporation and our Media Partners, Domtar designs and manufactures the Xerox® Paper and Specialty Media line to bring you the most extensive line of digitally optimized products in the United States and Canada.

With the Domtar Performance Guarantee, you can be assured that if you are unhappy with the performance of the product, you may return the unused portion and Domtar will either replace it, or refund your money.

Xerox® Paper and Specialty Media products are widely available for purchase through office supply dealers, paper merchants, office supply stores, online as well as in selected retail stores.
